August, 2020

Dear Parents and Guardians:

Your child will be assigned a calculator with a specific identification number which they will be able to use in school and at home for homework. Since these items are the property of the Totowa Board of Education, they are subject to inspection and damage assessment.

Please stress to your child that the calculator is their responsibility and solely for their personal use. These calculators are to be returned in June, and the replacement cost for a damaged or lost piece of equipment will be charged. **Report cards, diplomas and/or yearbooks will not be issued until all items have been returned and/or paid for.**

Thank you.

Sincerely,

David Bower  
Principal
