

Below are Ms. Hackbarth's Advanced Math, 7th grade plans in the event of a school shut down.

Day 1 – 5: Geometry

Day 6 – 10: Expressions, equations and inequalities

· **YOU MUST VISIT Khanacademy.org for the list of your assignments and their due dates for the days we are not in school**

· Be aware that Articles and Videos are **OPTIONAL** – use them as a tool to refresh your memory of a certain topic in order to help you answer the questions in each assignment.

· Exercises and quizzes/tests are **NOT OPTIONAL** and must be completed by the due dates that are listed on Khanacademy.

· For any questions that require computation, you must keep any scrap paper that you have used (neat and numbered).

· A new set of assignments will be uploaded at the end of the week, so you must complete the current assignments before the due date.

· If you need your user name and password please contact your math teacher immediately so you can start the assignments.

· All Khanacademy assignment grades from the week will be averaged as a test score.

For those students who do not have internet access:

Complete the following pages in your *purple Assessment Readiness book that was given to you:*

Week #1: pages 1-2, 3, 5-6, 7, 9

Week #2: pages 11, 13-14, 19, 23, 25, 33

For any questions that require computation, you must keep any scrap paper that you have used (neat and numbered).
