

Below is the Grade 8 Math & Algebra plan in the event of a school shut down.

Grade 8

Day 1 – 5: Numbers and Operations Unit

Day 6 – 10: Linear Equations and Functions Unit

Algebra

Day 1 – 5: Linear forms and Systems Unit

Day 6 – 10: Functions and Quadratics Unit

- **Visit Khanacademy.org for a list of your assignments and their due dates for the days we are not in school**
- Be aware that Articles and Videos are **OPTIONAL** – use them as a tool to refresh your memory of a certain topic in order to help you answer the questions in each assignment.
- Exercises and quizzes/tests are **NOT OPTIONAL** and must be completed by the due dates that are listed on Khanacademy.
- For any questions that require computation, you must keep any scrap paper that you have used (neat and numbered).
- A new set of assignments will be uploaded at the end of the week, so you must complete the current assignments before the due date.
- If you need your user name and password please contact your math teacher immediately so you can start the assignments.
- All assignments must be completed with a score of 70% or more. Completion of the work posted on Khan Academy will be graded as a test/quiz upon your return.

**For those students who do not have internet access:**

Complete the following pages in your purple Assessment Readiness book:

Page 1, 3, 5, 7, 9, 11, 13, 17, 19, 27, 29, 31, 33, 35.

For any questions that require computation, you must keep any scrap paper that you have used (neat and numbered).

**Algebra** - Complete the following pages in your yellow Assessment Readiness book:

Page 17, 19, 21, 25, 27, 33, 35, 37, 39, 41, 43, 45, 47, 65, 75, 89

For any questions that require computation, you must keep any scrap paper that you have used (neat and numbered).
