Dear Parent/ Guardian:

With the start of the new year, we have decided to no longer switch student's academic teachers for students who must quarantine. Your child will remain with their teachers and keep their assigned schedule while quarantined at home. Please note, all students must attend all specials classes through Teams as well. Students in all grades will be able to contact their teachers via email for general questions, concerns or clarification. Be advised all grade level *in-person* teachers, for each subject, will be available for extra help on Microsoft Teams "live stream" during period eight. Please email the subject teacher to set up a meeting if necessary.

Please do not hesitate to contact me should you have any further questions about the new procedures. Thank you for your cooperation with this matter.

Sincerely,

David Bower
Principal
Washington Park School
