Chief School Administrator

Lauren Terranova
Director of Special Education

October 24, 2022

Dear Parent/Guardian of 8th Grade Students:

Any parents/guardians of students who already or are planning to apply to PCTI, please be advised that I am notified of the application once the student portion is completed and submitted. After you submit the application, you then receive an email stating to contact your counselor to complete their information as soon as possible. It is not necessary to contact me as I complete my section of the application on a rolling basis as my schedule allows.

They allow the counselors until the deadline of January 15, 2022 to complete the application including all the required information. Please be assured that I will submit all required information and it will be completed before the deadline given.

Thank you in advance for your attention to this matter.

Sincerely,
Debra Barone
